

# DON IUID

## Implementation Status and Roadmap:

## Making Every Dollar Count

IUID/SIM Program  
Lead  
DASN (A&LM)  
January 10, 2011

# Overview

- **Implementation Status**
- **Contract Compliance**
- **Opportunities and Challenges**
- **Issues and Concerns**

# Implementation Status

# Directives & Guidance

- DoDI 5000.02 , Operation of the Defense Acquisition System - IUID included in the System Engineering Plan
- OSD Weapons Systems Lifecycle Management (WSLM) / Materiel Supply and Service Management (MSSM) Investment Review Board (IRB) - IUID Plans required for modernization/production business systems
- SECNAVINST 4440.34, Implementation of Item Unique Item Identification within the Department of Navy, dated 22 December 2009
- DON IUID Implementation Strategy draft (adjudicating com
- DON Marking Guide (released December 2010)
- PEO LMWNOTE 4105, Item Unique Identification (IUID) Implementation Guidance and IUID Plan Template (released 9 Dec 2010)
- Naval Shipyard Plant Equipment Corporate Policy for IUID (draft)
- Joint Fleet Maintenance Manual (JFFM) to incorporate IUID requirements as standard operating procedures (being staffed)

# Program/Budget Guidance

- Developed POM 12 Issue Paper for enablement of Business Systems
- In conjunction with resource sponsors, developing DON IUID AIS implementation roadmap based on functional areas of greatest benefits
- Headquarters US Marine Corps is developing Capability Development of Record

# Contracting Direction

- Product Data Reporting and Evaluation Program (PEDRP/PQDR) is IUID enabled for all services to capture delivered item deficiencies; auto populates most fields, based on IUID and interface with the Registry
- “Should Cost Model” developed to assist Independent

Ready 100%

# Infrastructure - AIT/AIS

- DASN (A&LM) is working with US Fleet Forces Command (USFF) and the AIT Program Office to standardize handheld scanner requirements for shore establishments and USFF
- USFF funded to equip Fleet with scanners and software to complete legacy marking in 3 years, and expand use of IUID
- NAVSUP purchasing 2,000+ scanners, in support of Navy ERP rollout
- Shipyards/Depot developing a plan for IUID compliance of Plant Property Equipment
- DASN (A&LM) developing a standardized approach to accelerate IUID AIS enablement in support of financial auditability  
(DASN FMO funded in progress)
- GCS requirements for IUID

# Communication and Outreach

---

- Published quarterly DON IUID Journal during 2010
- Sponsored two DON IUID Enterprise Training Symposia (DIETS3 and 4), 225 participants each
- Obtained commitment from BGen Simmons, USMC, to be a keynote speaker at the OSD UID Forum in March 2011

# Contract Compliance Rate

- **DFARS 252.211-7003 (IUID clause)**
  - **2QFY10: 96% of Contracts that met the IUID clause met DFARS**

# Opportunities and Challenges

# Compliance

- DASN (A&LM), in concert with resource sponsor, developing Low Cost Alternative for IUID enablement of Business Systems (resource sponsor leveraging GOTS tool suite)
- USMC successfully demonstrated the IUID Field Receipt & Acceptance tool for WAWF in a pilot at Marine Corps Base Camp Lejeune, meeting all OSD requirements
- US MC implementing Automated Armory pilot in several deployed units with II MEF deployment

# Metrics

- Monitoring Program Legacy Item “Get Well” Plans for Class VII items (31 December 2010)

# Resources

Resourcing of IUID enablement of Supply and Maintenance business systems will be addressed after the Navy Logistics Solution Analysis of Alternatives is completed. This will provide the roadmap that determines which legacy logistics business systems will be retained and integrated. Earliest opportunity is POM 14.

# Issues & Concerns

- Contract Clause Compliance - Contracting Officers are circumventing the intent of the DFAR clauses
- DASN (A&LM) is working with the Deputy Under Secretary for Operations and Business Transformation to address business systems that have an overdue IRB/DON IUID Condition. Efforts are underway to develop a better way to comply with the IRB mandate. This will enhance commitment from the resource sponsors to comply with existing policy.
